**DETAILED ACTION**

***Reasons for Allowance***

1. Claims 1-7 and 9-11 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The references of record neither disclose nor make obvious an attachment film for an electronic display comprising an adhesive layer which is re-separable and contains carbon black having a pH of 4 or less dispersed therein and contain an acrylic adhesive formed on one surface of a transparent substrate as set forth in claim 1.

The most relevant reference, Inoue et al. (US Patent No. 5,786,042), fail to disclose or suggest an attachment film comprising an adhesive layer which is re-separable and contains carbon black having a pH of 4 or less dispersed therein. The Inoue et al. reference only discloses a resin black matrix for liquid crystal display device contains the carbon black having the pH of 4 or less; however, such adhesive in Inoue does not exhibit reseparability as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dung Nguyen whose telephone number is 571-272-2297. The examiner can normally be reached on Monday-Thursday.
